## experience

### freelance artist

Created elegant web sites based upon a Wordpress and Joomla content management systems, as well as traditional HTML and CSS.

Shot and edited monthly promotional video and photography for various nightclubs and events in the downtown Denver region.

Crafted style guides, including color use, fonts, and logo's for several upstart Denver companies.

### video production intern - Image Brew

Helped shoot and edit professional quality video and created titles for different ad agencies, non-profits and individuals.

Effectively pitched ideas to clients, write scripts, and communicate ideas through storyboards and public speaking.

### in-house designer - LifeBound

Working in-house to create professional and informative posters flyers, and newsletters.

Built and maintain the blog site at [www.carolcarter.com](http://www.carolcarter.com) as well as updated and maintain two sales sites, [www.lifebound.com](http://www.lifebound.com) and [www.carterkeys.com](http://www.carterkeys.com).

Created and ran the social marketing outlets, creating custom FBML and HTML Facebook landing pages as well as custom HTML newsletters.

### exhibited at design after dark

Design After Dark is a annual fund raising and auction and party for the Department of Architecture, Design & Graphics at the Denver Art Museum.

Created a motion piece and preformed "light graffiti" for the event.

## projects

### design studio II

Branded Heaven based upon research, strategy, ideals, design and implementation.

Prepared a 10 minute presentation to deliver my brand of Heaven including; logo, colors, fonts, two videos, and a web site.

### motion design II

Created a full motion reel with my work created in the Spring Semester of 2010.

### interactive media II

Created a portfolio web site.

### practices of design

Designed a Konsequence manifesto, which is a motion design piece intended to be publicly projected.
